## Location.

Whelamsiont is one of the most beautifuland healthy places in the state. It has never been subject to epidemics of any kind. Many coming to the accessible from all quarters. Rail Roads bring us within a few hours' ride of Elmira, Lock Haven, Erie, Danville, Pottsville, Harrisburg, Hollidaysbarg, Philadelphia, Baltimore and New York. No more desirable position for a seminary of Learning can be found.
ORGANIZATION.

The rehool is organized on the most approved plan of the best institutions of New York and New England. It embraces both sexes, under the same government and instruction. The President and the other members of the Faculty occupy apartments in the building, eat at the same table, and have a constant oversight of all the Students.
The Ladies' private and public rooms are entirely separate from the others, and there is no association of the sexes but in the presence of their instruc tors. The Ladies and Gentlemen have less freedom of intercourse here than a The
tation-room, at the table, and in the public exercises of the Chapel is to be rec in the cultivation of a cheerful and animated disposition,-in the formation of good habits and mamers,-in ardent devotion to study,- and in the at tainment of high moral character. These with many other valuable results, have established the fact, that the best plan for a school is, according to the evident design of Providence in the constitution of society, on the basis of a well regulated Christian family.
ACCOMMODATIONS.

The buildings will accommodate (two in a room) over two hundred students. They are of brick, heated by furnaces in the cellar, and supplied with water. The rooms are large and well ventilated. In the entire arrangemen or the bunts. The grounds contain about five the comfort and health of th tor exercise and play.
BOARDING, ETC

By the following list of prices it will be seen that our total charges are quite as low as those of any institution of like grade in this State; not excepting
those schools in which cheap scholarships have been sold. We desire to plare the cost of education to the lowest point possible, and thus afford to the , sound intellectual, and moral culture. Board, including washing (10 pieces', room and fuel, is $\$ 3,80$ per week.

Sessional reports are sent to parents when requested

## A WORD TO PARENTS.

1. Try to have your children here on the first day of the term, but not before, as we will not be ready to receive them. The classes are on the second day formed and it will be better for all concerned that the student start regularly with his class.
2. If possible do not call them away during the session. Absence, if only for a few days, disarranges the class, and is gi nerally the beginning of irregularity on the part of the scholar
3. Do not allow your children to leave the school before the examinations, unless it cannot be avoided. Serious inconvenience, to all concerned, often arises from a neglect of this caution.
4. Supply them very sparingly, with spending money. Parents cannot be too cautious on this point.
5. Select for your child one of the Instructors, as a Patron, to distribute his funds. In this way a more judicious use of your money will be made, and your child will be kept from many temptations.
